

TEMAHOME

CELEBRATING DESIGN FOR 35 YEARS

É com enorme prazer que apresentamos o novo catálogo Temahome num ano tão especial como é o dos nossos 35 anos de existência.

Sem esquecer o passado e o caminho que fizemos para ser hoje uma empresa de referência no tecido empresarial português, estamos, mais do que nunca, de olhos postos no futuro e pretendemos continuar a apostar na inovação e na qualidade do design como o meio diferenciador que valoriza os nossos produtos e vai ao encontro da identidade da nossa marca.

Queremos levar o design nacional ainda mais longe, para novas fronteiras e estamos totalmente focados no desenvolvimento de novos produtos que espelhem a imagem Temahome. Orgulhamo-nos da nossa equipa, composta pelas mais diversas pessoas, que partilham entre si o empenho e a dedicação e juntas constituem a família Temahome. A nossa capacidade produtiva mantém-se instalada no continente europeu, especialmente na nossa histórica fábrica em Tomar e tudo faremos para que assim continue e para que a Temahome mantenha as suas raízes em solo português.

Ao longo destes 35 anos criámos um longo historial de relações comerciais com parceiros que partilham a nossa visão e que nos têm acompanhado em todos os momentos. A eles gostaríamos de reafirmar o nosso apreço.

O futuro, como sempre, estará cheio de desafios, mas encaramos-os com optimismo, pois cada dia é uma oportunidade para enriquecermos a identidade Temahome e para implantarmos novas ideias que melhorem o dia-a-dia dos nossos clientes. É para eles que estamos a construir os próximos 35 anos.

It is with great pleasure as we celebrate 35 years in the market that we present the new Temahome catalogue. In such a special year, we are not only still learning from the past and from the path that has made us a landmark company in the Portuguese business community, we are more than ever looking to the future as well. Our goal is to keep innovation and good design as the two key elements that set our products apart while building the identity we want for our brand.

We are completely focused in bringing Portuguese design even further and breaking new ground with creative new products that are a reflection of the Temahome ideal. We rely upon a team of which we are deeply proud, a team as diverse as it is committed and dedicated. A team we like to call a family. Our production capability is, as ever, based in Europe, with our historical Tomar factory our central facility, a place we cherish and where we keep our national roots alive.

Throughout these 35 years we have established a history of commercial relationships with partners who share our vision and that have stood by us at all times. To them, our renewed appreciation.

The future is always filled with new challenges but we face them with optimism, because each day is an opportunity to strengthen the Temahome identity and to implement new ideas which aim to improve the daily life of our clients. We are building the next 35 years for them.

HOME

Valorizamos a nossa cidade, a nossa casa e queremos manter-nos fiéis a quem somos e de onde vivimos.

We value our city, our home and we want to stand true for who we are and where we come from.

A Temahome é uma marca portuguesa de mobiliário contemporâneo, que desenvolve e produz na sua fábrica de Tomar uma colecção de produtos em linha com as tendências dos mercados mundiais.

Conta actualmente com uma equipa de 195 profissionais especializados, numa área dedicada de 17.000m², implantados numa zona de grande beleza natural dentro dos limites da cidade.

Rodeada de história e beleza e orgulhosa das suas origens e da sua identidade regional e nacional, a Temahome cria design com paixão e saber e tem como linha directriz a necessidade de adaptação à realidade de um mundo em permanente mudança.

Temahome is a Portuguese furniture brand founded on the principles of modern design. Inspired by the market's latest trends, development and production of Temahome's contemporary collections take place at the company's own factory, located on a natural green area within the city limits of Tomar.

Temahome currently employs a team of 195 specialized staff members in a dedicated 17.000m² facility.

Surrounded by history and beauty and taking pride in its regional and national origins, Temahome creates design from passion and knowledge, following a guideline of permanent adaptation to an ever-changing world.

FERNANDO BRIZIO
PRODUCT DESIGNER

Fernando Brizio (1968) é provavelmente o designer Português da sua geração que mais reconhecimento internacional alcançou. A sua abordagem criativa, por vezes irónica, levou-o a exibir o seu trabalho em variadas exposições por todo o mundo.

Brizio combina o seu trabalho enquanto designer com uma carreira no ensino na Escola Superior de Artes e Design das Caldas da Rainha, e foi também professor convidado na ECAL, em Lausanne, e na Universidade de Design e Media em Karlsruhe, Alemanha.

Fernando Brizio (1968) is probably the most internationally recognized Portuguese designer of his generation. Always stepping between a rather ironic approach, where there is often space for deliberate accidents in his projects, Brizio's body of work was already exhibited throughout the world in a variety of shows.

Brizio combines his design work with a teaching career at the Arts and Design School in Caldas da Rainha, and was also a visiting Professor at the ECAL in Lausanne and at the University of Design and Media in Karlsruhe, Germany.

O banco Handle tem já honras de clássico na gama de produtos Temahome. Tão genial como o seu criador, inova pelo conceito de uma pele que veste a mais simples das formas e surpreende pelo detalhe da sua pega e paleta cromática.

The Handle stool has achieved classic status as a part of the Temahome collection. As ingenious as its creator, the Handle's principal innovation involves the concept of a skin-like covering on the simplest of shapes that is accented by its unique handle and offering in various color options.

MIGUEL VIEIRA BAPTISTA
PRODUCT DESIGNER

Miguel Vieira Baptista (1968) estudou design industrial no Instituto de Artes Visuais em Lisboa e na Glasgow School of Art. Desde essa altura tem vindo a desenhar uma série de produtos para diversas empresas.

Para além destas actividades, Vieira Baptista lecciona na Escola Superior de Artes e Design das Caldas da Rainha, e foi professor convidado na ECAL, em Lausanne, no ano de 2010. O seu trabalho tem percorrido todo o mundo, tendo sido apresentado em diversas exposições. Alguns dos seus projetos fazem parte da coleção permanente do MUDE, o Museu do Design e da Moda de Lisboa.

A beleza do aparador Scatola Armonica advém da elegância do seu design, que combina linhas estruturais simples com uma complexa reprodução da técnica de corte em papel, presente nos ornamentos de cada porta.

The beauty of the Scatola Armonica cupboard comes from the elegance of its design, combining simple structural lines with a complex paper cut-like technique used on the adornments of each door.

INÊS MARTINHO
PRODUCT DESIGNER

Observadora por natureza e com olho clínico para o detalhe, a designer Inês Martinho admite que muito do seu trabalho é influenciado pelas décadas de 40 e 50, especialmente pelos mestres Jean Prouvé e Charles e Ray Eames. Para ela, a história é sempre o ponto de partida para a análise das mais recentes tendências de mercado.

Licenciada em design de produto pelo IADE-U – Instituto de Arte, Design e Empresa – Universitário - em Lisboa, que lhe atribuiu o prémio de designer revelação em 2009, tem um percurso profissional rico e diversificado, com destaque para os dois anos que passou no departamento de desenvolvimento de produto de uma icónica empresa alemã de mobiliário sediada em Munique.

An observer by nature with a clinical eye for detail, designer Inês Martinho admits that much of her work is influenced by the 40s and 50s, mainly by some design greats like Jean Prouvé or Charles and Ray Eames. To Inês, history is always the starting point from which to look at the market's latest trends.

A graduate student from IADE-U – Institute of Art, Design and Enterprise – University- in Lisbon, she was awarded the school Revelation Award in 2009. So far, she has had a rich and diverse career, with a special highlight being the two years she spent as a product developer at a high-end German furniture company located in Munich.

ANA RAMOS
PRODUCT DESIGNER

Ana Ramos (1992) frequentou o curso de design industrial, na Escola Superior de Artes e Design das Caldas da Rainha, até 2013, ano em que o seu projecto final de licenciatura esteve em exposição na Experimenta Design, o mais importante evento nacional relacionado com o design. É para a Ana um orgulho ver um projecto seu integrar a Temahome Editions, a par com dois antigos professores seus, que são também uma fonte de inspiração, Fernando Brízio e Miguel Vieira Baptista.

Ana Ramos é a mais jovem membro da equipa de design Temahome, trazendo com ela uma visão moderna e cosmopolita dos vários mundos que a rodeiam.

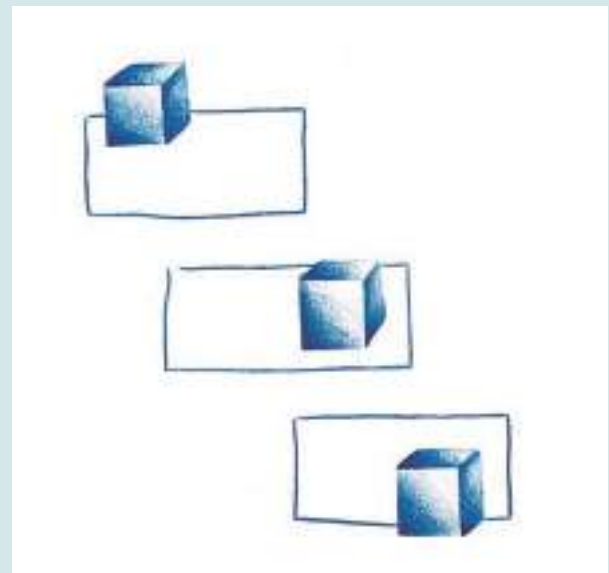

Ana Ramos was born in 1992 in Leiria. She attended Arts and Design School in Caldas da Rainha until 2013, where she graduated as an industrial designer. Her graduation project was selected to be shown at Experimenta Design, the most important design-related event held in Portugal. Ana is proud to have a product of hers on the Temahome Editions, alongside some of her teachers, from whom she has drawn a great deal of inspiration, Fernando Brízio and Miguel Vieira Baptista. She is the youngest member of the design team and brings along a modern and urban view of all the worlds surrounding her.

Wall-Mounted Shelf

A geometria assimétrica do módulo de parede Cubic confere-lhe uma originalidade marcante, realçada pelo apontamento de cor azul do seu fundo, que contribui para uma apelativa e intrigante ilusão óptica.

The asymmetrical geometry of the Cubic wall module gives it a striking originality, further emphasized by the blue detail of its base, contributing to an appealing and intriguing optical illusion.

NÁDIA SOARES
PRODUCT DESIGNER

Nádía Soares nasceu em 1986. Licenciada em Design de Equipamento pela Faculdade de Belas Artes da Universidade de Lisboa, chega à Temahome após ter vencido o concurso Living your Dreams, organizado pelo Centro Português de Design, que lhe granjeou um estágio na empresa. As suas qualidades valeram-lhe rapidamente um lugar a tempo inteiro e ocupa actualmente o cargo de coordenadora do departamento de design e desenvolvimento de produto da Temahome, estando responsável pelo acompanhamento e antevisão das tendências globais e tradução das mesmas em produtos originais com o selo Temahome.

A sua equipa, encontra-se em permanente contacto com o processo produtivo e tem uma relação muito próxima com o departamento de protótipos, que incentiva e viabiliza a experimentação de novas ideias e conceitos.

Nádía Soares was born in 1986. She graduated from Faculdade de Belas Artes da Universidade de Lisboa with a degree in Product Design. After winning a design competition organized by the Centro Português de Design, entitled Living Your Dreams, she is awarded an internship at Temahome. Her innate qualities as a designer quickly transpire into her work and she soon becomes a full-time member of Temahome's workforce, where she currently holds the position of design and product development coordinator. It is her responsibility not just to follow, but to foresee new, emerging trends all around the globe as well, and to translate them into Temahome's unique and original creations.

Her team is always in touch with the production line and has a close relationship with the prototype department, where new ideas and experimental concepts are brought to life.

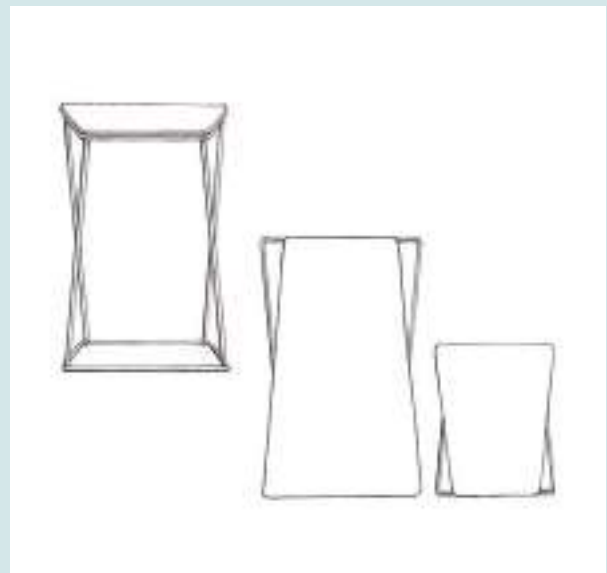

Side Tables

As mesas Opal nascem de um ensaio sobre a lapidação das formas e jogo de perspectivas entre tampo e base. Cada ponto de vista é único e da união de ambas surge um novo dinamismo funcional e estético.

The inspiration for the Opal range of tables comes from the resultant shapes from gem cutting, which are contrasted with offsetting legs. Each point of view is unique, with the interplay between the top and base creating a new aesthetic and functional dynamic.
